Please find the Trust's response below:

The Trust does not record the data requested in a format that enables the information to be easily retrieved to the level of detail required to specifically answer your request. It is contained in the free text annotations and would therefore require a review of all patient records.

In reaching this decision we estimate that it would take a minimum of 30 hours or £750 an amount of £300 over the core amount of £450 extra to obtain the data. The amount would require payment in full prior to the Trust undertaking the work.

As result, the Trust is applying a Qualified Exemption under Section 12 (Exemption where cost of compliance exceeds appropriate limit), the legislation in this instance states:

12 Exemption where cost of compliance exceeds appropriate limit.

(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

The Trust has a duty to advise and assist you under Section 16 of the Act and therefore may I suggest that you consider the option to revise your request so that it falls below the prescribed appropriate limit.

I trust this answers your request for information, however, should you not be satisfied with the information supplied or the process of supplying it, you have a right to complain and request a review. Please note that you must submit a request for a review within 40 days of the date of this letter.

You should forward your complaint to:-
