Ref: CORP 2024 - 062

Dear xxx

Freedom of Information request: Volume of drugs dispensed by hospital pharmacies and homecare, at an individual product level (CORP 2024 – 062)

Thank you for your request for information and subsequent payment. We apologise for the delay.

Your Request:

I would like to request an extract of the hospital medicines usage data held by Velindre University Health Board, detailing the volume of drugs dispensed by hospital pharmacies and homecare, at an individual product level.

Please could you provide a report containing data against the following fields, in .csv format, for each month, covering the most recent available data month and previous months (if possible going back to January 2021).

I understand that the following fields should be available for reporting: issue_year, issue_month, location, drugfull, drug_packsize, lnkdid, lnkdpz, quantity_container, quantity_doseunits, container_returns, doseunits_returns

I am seeking to understand the volume of each drug actually dispensed to patients. If necessary for reporting the volume of product dispensed, please also include a Count of Daily Issues (CountOfDailyIssues). Please include records for all dispensed products, including transactions relating to returns where applicable.

Please also note that this request is for aggregated medicines usage data, and does not request any patient-level or patient-identifiable data, or cost information.

Please find the Trust's response in the separate CSV document.

I trust this answers your request for information, however, should you not be satisfied with the information supplied or the process of supplying it, you have a right to complain and request a review. Please note that you must submit a request for a review within 40 days of the date of this letter.
