

Dear xxx

Freedom of Information request: Sub Contractors – nVCC (CORP 26/27 – 034)

Thank you for your request for information which the Trust received on 10th June 2026.

Your Request:

Under the Freedom of Information act please could I request a full list of all the sub-contractors/suppliers that are/were involved on construction of nVCC.

These details can be found in the health & safety documents (which is a requirement by law), if you cannot locate the details in house can you please request them direct from the Principle Contractors as they are covered under F.O.I as the principle contractor working on behalf of a government body and it is therefore deemed that any information they hold in relation to this project is held on your behalf.

Please find the Trust's response below:

For the purposes of section 1(1)(a) of the Freedom of Information Act 2000, the Trust does not hold the requested information.

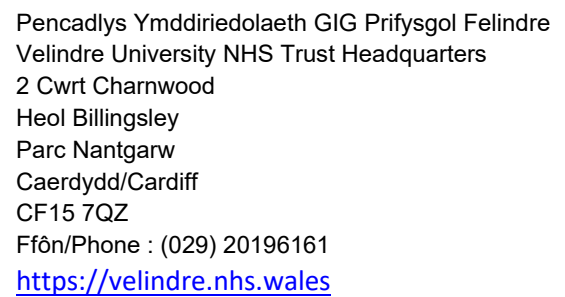

The Trust's contractual relationship is with Project Co. Project Co. has a separate contractual relationship with the principal contractor. On that basis, any records identifying subcontractors or suppliers engaged in the construction of nVCC would be created and retained by those third parties for the purposes of their own contractual, operational and commercial functions. The Trust does not require those records for the discharge of its own functions, does not control their creation or maintenance, and does not hold them on its own behalf or through any person acting on its behalf for the purposes of the Act. Accordingly, the Trust is unable to provide the requested information because it is not information held by the Trust within the meaning of section 1(1)(a) of the Freedom of Information Act 2000.

I trust this answers your request for information, however, should you not be satisfied with the information supplied or the process of supplying it, you have a right to complain and request a review. Please note that you must submit a request for a review within 40 days of the date of this letter.
